65	Pedestrian controlled stop lights. Street lights in general. The corner of The Blackwater and Bonny Road is extremely dark at night, I'm sure other intersections are the same.	7/16/2019 1:23 AM
66	Speed limit reduced and enforcement.	7/16/2019 12:17 AM

67	A pedestrian crossing with push button activated stop light at the flashing light intersection. A maintained wider walking area from pedestrian crossing to Rocky's. Other businesses have access along frontage road.	7/16/2019 12:12 AM
68	There should be a pedestrian controlled crossing between Bouchie Lake school and Rockies Store.	7/16/2019 12:10 AM
69	Road not that busy, pay attention when crossing roads. Traffic obey speed limits	7/16/2019 12:04 AM
70	wider shoulder of roads /slow traffic from west of paradise rd to east of Rockys (esso) to 50kmh not just school zone	7/16/2019 12:01 AM
71	We need more police present to stop people from speeding so badly. I have to small children and im always worried when they ride there bikes i	7/16/2019 12:00 AM
72	Drop speed limit to 50 kph	7/15/2019 1:51 PM
73	Walking and Horse back riding Trails along roadsides Either a cross walk or underground tunnel installed near the Junction of the Blackwater Road / nazko Road	7/15/2019 4:30 AM
74	Pedestrian Crossing with lights	7/14/2019 11:40 AM
75	Street Lighting	7/14/2019 1:49 AM
76	Horse trails	7/13/2019 2:01 PM
77	To be affordable, I think placing painted crosswalks on Nazko Hwy and Norwood Rd, would be a good first step.	7/13/2019 6:28 AM
78	More street lights, especially along the Nazko highway	7/13/2019 5:28 AM
79	There should be a way to stop traffic at the Nazko/Blackwater Road intersection for pedestrians, horse riders, bicyclists etc...to cross the highway. Or an underground tunnel for safe crossing. I remember having ball tournaments that used both the ball diamnond and the school field, making crossing the highway necessary and difficult. Rocky's is accross the highway from the neighborhood of Bouchie Lake so when not travelling by car, it's difficult to cross. More policing of truck traffic in the school zones both on the Blackwater Road and Nazko Hwy. Large trucks and other vehicles drive way too fast through this area.	7/13/2019 5:26 AM
80	With designated walking trails alongside the highway.	7/13/2019 5:22 AM
81	Community bus that accesses further out so seniors don't need to use cars to/from town especially in winter.	7/13/2019 2:45 AM
82	not an issue	7/13/2019 2:28 AM
83	Wider roads - Norwood and Blackwater especially. More signs indicating children playing Norwood rd is very bad for speeders and the road is very narrow. Children especially can no longer play on the road ride bikes etc	7/13/2019 1:58 AM
84	Slow down the traffic.	7/12/2019 11:19 PM
85	Crosswalk for highway	7/12/2019 2:26 PM
86	Wider road shoulders or separate paths.	7/12/2019 1:43 PM
87	Walking and riding trails	7/12/2019 1:21 PM
88	Should be a pedestrian crossing between school and Rockys. Sidewalks would help.	7/12/2019 8:52 AM
89	Widening current roads for proper shoulders to walk on.	7/12/2019 8:12 AM
90	Provide designated sidewalks in key areas around Bouchie Lake school and community recreation areas.	7/9/2019 2:23 PM
91	Widening Norwood and School Frontage rd. for pedestrian and bike traffic. Also a crosswalk to the 2 stores.	7/9/2019 3:06 AM
92	Underpass/overpass	7/7/2019 11:56 PM
93	allow for better road allowances on all streets or access to trailways on raod allowances or just off set some small amount to keep pedestrians on the shoulder	7/7/2019 2:54 PM
94	Sidewalks in strategic locations and a highway pedestrian crossing to access the hall/ball diamond/gymkhana grounds	7/7/2019 1:57 PM

95	People need to educate themselves and their children on how to walk and ride bikes safely on roads. People need to change. Roads are fine.	7/7/2019 12:35 PM
96	Bike lane	7/7/2019 10:13 AM
97	Put in a tunnel like the one on top of dragon lake hill by Aroma foods	7/4/2019 1:36 PM
98	Install a multi use trail network connecting the BL core with the two lakes and the recreational areas.	7/4/2019 2:55 AM
99	It is adequate now, unsure of ?	7/2/2019 11:47 PM
100	Pedestrian operated traffic/walk signal at the Nazko/Blackwater junction -	7/2/2019 9:07 AM
101	Sidewalks and lighting	7/2/2019 5:04 AM
102	A paved path; not side walks. Simular to the river walk. Keep traffic level down.	7/1/2019 4:02 AM
103	Do something to SLOW down traffic between the 2 commercial businesses on the hwy.coh	6/30/2019 3:12 PM
104	Trails for walking, riding bikes and horses to be developed along side the major road systems in the community (e.g Nazko and Blackwater). An underground tunnel could be constructed under the Nazko Road so people could safely cross this road and better tie our community together in the downtown area.	6/30/2019 9:55 AM

Q8 Do you have any other comments about the things you like or issues that need improvement in the Bouchie-Milburn neighbourhood?

#	RESPONSES	DATE
1	Not at this point.	8/20/2019 6:51 AM
2	need bus service to connect town around Blackwater/Rawlings. Milburn wheel chair access. Senior home needs to be community friendly eg. wheel chair access, interaction with other groups & trails. not institutions such as Dunrovin.	8/20/2019 6:40 AM
3	walking accessibility - crosswalks -hwy medians	8/20/2019 6:33 AM
4	The Community Hall should be accessible for the entire community to use for events that are non-profit or low profit use for free when the event is open to the community. Make money for hall from rentals ie weddings, dances, etc. Not the people who already support it via taxes.	8/20/2019 6:31 AM
5	more control of unsightly yards	8/20/2019 6:23 AM
6	Yes, more reasonable access to the Bouchie Lake Hall and grounds and to encourage more welcoming to the facility	8/20/2019 6:21 AM
7	- change at Community Hall - better access to use it for the community - after all it was built by the community in Bouchie Lake in better times -residents use at no cost	8/20/2019 6:19 AM
8	-better/more collaboration -community groups who contributed to the hall being charged for events/meetings	8/20/2019 4:59 AM
9	The Bouchie-Milburn area is a high Equine area. I would love to see more signage along Blackwater & Nazko Hwy for slowing down & passing wide ect. Also come winter why are the roads (or in most spots) not fully cleared of snow? There is 1-2 inches left to freeze and create a very dangerous hazard!	8/20/2019 4:49 AM
10	Would like to see vinegar used as a herbicide instead of Roundup & the like. This would be much more cost effective and much less environmentally damaging!!!	8/20/2019 4:40 AM
11	Roads need improvement. -No center lines -Shoulders are worn away with large pot holes at edge roadway pavement creating hazards for autos, bicycle, and people walking as well as drainage. - Roadside mowing and brushing is required. -Many roadsides are infested with burdock weeds. More awareness about burdock is required and plant removal.	8/20/2019 4:37 AM
12	more quad trails	8/20/2019 4:28 AM
13	Cleaning up of yards Control of dogs running in packs Better road maintenance	8/20/2019 4:24 AM
14	(need improving) Cleanup of unsightly yards & homes Dog Control Sidewalks for some busy roads where kids are walking to school & rec areas.	8/20/2019 4:21 AM
15	- RV Rest Stop - Toilet/Water Facilities	8/20/2019 4:16 AM
16	Rural Post Office either at Rockies or Bouchie Lk. Country Store.Free access to local residents or groups to the Bouchie Lk.Rec. Hall if it is regarding a community event	7/31/2019 12:45 PM
17	yes leave the lakes as is,they are small and should only be used for current residents	7/31/2019 9:44 AM
18	no	7/31/2019 4:03 AM
19	Like - volunteer organizations: BLVFD, BLRC, BLPAC, who give of their time/talents & seek to look after the best interests of area residents! Improvement - education about the roles of governing bodies: CRD, Prov, Feds as it relates to who covers what services and the process for improvements to be seen A 5 - 10 yr plan/vision for the area, leadership who advocates for needs identified in plan & also secures resources to enact it	7/30/2019 2:38 PM
20	Restrict dogs running loose.	7/30/2019 2:00 PM

21	Improving the boat launch at Milburn Lake! Make it a park and stop people from driving their vehicles right into the lake. It's hazardous for little kids to have people driving right up to the water where they are playing not to mention bad for the water quality. Also the upgrading septic beds for houses located on Bouchie Lake should be a priority to stop over-nuttrification, leading to toxic algae blooms. Maybe a rebate program could be put in place as an incentive?	7/30/2019 5:44 AM
22	the roads need to have some upgrades...they are falling apart. need repaving	7/30/2019 3:11 AM
23	CELL SERVICE!	7/30/2019 3:07 AM
24	Remove the hall from our taxation function as it serves no other function other than to provide inexpensive rentals for others. There is no community aspect to this whatsoever. There is no programming, and to use the facility we are charged the same as anyone else. There is little benefit to the community in having this facility.	7/30/2019 1:37 AM
25	The hall that was built by the community no longer serves the community as it was intended too. We are simply paying taxes now so private functions can be held in the hall for a good price. The hall is no longer the centre of the community as it should be. This is due to the \$\$ focus that the volunteers have that are managing it. The hall sits empty more often that it is used. The management structure does not empower or entice community volunteers to get involved and volunteer. The CRD needs to take an active role in changing this. There needs to be more collaboration between the community and the hall managers. It is now simply a building with no soul. Another improvement would be recycling and more services locally so we do not have to travel into Quesnel. A Post Office would be beneficial also.	7/29/2019 1:48 PM
26	Senior housing wouldn't work, there is a reason why most senior housing is built in town centres and close to hospitals...so its easy for the seniors.	7/28/2019 1:35 PM
27	We have "side trails" along our roadways that I feel should be developed so we can keep horseback riders, atvs, motocross bikes off the highway. Gravel paths that blend into nature are more appropriate.	7/26/2019 9:00 AM
28	I am so happy I live in a community that is asking these questions. Thank You	7/26/2019 8:55 AM

46	1. A community Forest within Area B - residents could also use for hiking, Mountain biking, horseback riding, with continued use on some trails for motorized vehicles possibly at Hangman Springs. 2. Land is being cleared of trees with no, or seemingly no, plans to reseed, rehabilitate or farm these private lands around the Bouchie Milburn neighbourhoods. Some of this land was acquired from crown lands with the intent of being farmed but has only been logged off and left fallow. This land could be developed and rezoned for housing or.....? 3. 53	I live on Patchett rd and pulling out to turn left is like taking your life in your own hands. Would like if a convex mirror was installed across the Hwy to alleviate some one the blind spots	7/16/2019 4:47 AM
54	I like this community - it is friendly; the recreational facilities are great; Rocky's adds groceries/gas. Efforts could be made regarding clean up of the lakes and maybe public access to the lakes could be improved.	7/16/2019 3:11 AM
55	Vehicles racing up and down Bouchie Lake hill need to be policed. That includes tractor trailers that need to speed down the hill while using their jake brakes. They come through the 60 km zone through BL core, speed up to 80 at the top of the hill and then jake brake all the way down instead of maintaining 60km and coasting down the hill until they hit speeds of 80 km and then starting to use their brakes.	7/16/2019 1:52 AM
56	An accessible park on Bouchie Lake where you can not only launch a boat, but have a place to sit, have a picnic, kids could fish off a dock.	7/16/2019 1:23 AM
57	Left turn lane to Rocky's at the top of the Bouchie Lake hill.	7/16/2019 12:17 AM
58	Community Recreation opportunities provided with minimal fees for area tax payers - access to facilities we pay for.	7/16/2019 12:12 AM
59	Internet and cell service is horrible for everyone living on Paradise, Gunner and Gorder Roads. This must be fixed ASAP. Paving Gunner Road needs to happen, ASAP. Snow plowing Gunner Road needs to be improved as we end up relying on a neighbour because we are the last road to be plowed. These are all safety concerns that requires action.	7/16/2019 12:10 AM
60	better access to Bouchie lake / parking is limited	7/16/2019 12:01 AM
61	I would like to see the Bouchie lake hall more accessible. The current system that's being use there does not work. When groups like 4H are being turned away because the manager and policy won't allow them to rent it is very sad. And I waste of my tax dollars	7/16/2019 12:00 AM
62	Speed, sound and direction control on the lakes.	7/15/2019 7:04 AM
63	Management structure of the Bouchie Lake Hall and Recreation Grounds needs to change - get our community back using the facility so its priority is to the community rather than revenue generation; the building is now simply a CRD building (bricks and mortar) with no community feel to it. The existing system has alienated much of the community. Housing options available for seniors / long term residents so they can remain in the community should they so choose. Support for increased economic development opportunities with a focus on the heritage values and history of the community. What are the communities there? Why did the early settlers make their homes in the community?	7/15/2019 4:30 AM
64	Access to already existing recreational facilities should remain to be free of charge, ie. Bouchie Lake Hall, Riding Arena, Ball fields, Ice ring for community members	7/14/2019 11:40 AM
65	Tell the RCMP to quit setting up weekly roadblocks in the area for their overtime bonuses. They can go somewhere else once in a while	7/13/2019 2:01 PM
66	Major improvement of public access area on Milburn Lake with appropriate services added: tables, outhouses, parking zones/designated parking spaces, regular trash clean up of cans.	7/13/2019 6:28 AM

67	The Milburn Lake main boat launch needs to be upgraded, another access should be created; I also feel that community policing is something that the area is significantly lacking in.	7/13/2019 5:28 AM
68	Would like to see more development and maintenance of trails. There are a lot of horseback riders, cyclists, hikers, motorized vehicles (bikes, quads, snowmobiles) that ride in the ditch, which is dangerous. We love our rural lifestyle and the ability to do this. We should not be relying only on volunteers to create and maintain these trails (Claymine for example). It's a great trail that requires tree removal and clean up on a yearly basis that is mostly done by volunteers that live in the community.	7/13/2019 5:26 AM
69	High speed cellular/ Internet service +++ for all residents, not just those who can afford the very expensive (and pathetically slow) satellite systems. I know people who want set up businesses from home and would like a rural setting but lack of quality internet services stops them from locating here.	7/13/2019 2:45 AM
70	road maintenance on side roads	7/13/2019 2:28 AM
71	Q6 we are too far out of town to benefit for low income housing. Low income housing brings an element of crime etc our community doesnt need. I would like to see continued improvement to Bouchie lake quality of water. We use to swim in the lake down by the boat launch 25 years ago now the lake has weeds everywhere along the edges and it is sludge bottom it is not bad early in the spring but as summer continues it gets a swampy smell not the lake smell i knew growing up. The blood suckers in the lake are huge. There has been a small amount of improvement a couple years ago when some work was done but nothing since. Not sure what the answer is but it is a shame that the residents and kids in peticular can not enjoy it like we use to.	7/13/2019 1:58 AM
72	Turning lane into Rocky's	7/12/2019 11:19 PM
73	We have had problems with dogs while walking in the neighbourhood. The dogs come right out on the road after us and other walkers. The only option is to phone the police which is wasting their time.	7/12/2019 1:43 PM
74	I like that people here appreciate the nature around them. Street lighting can be much improved. Should at least be a street light at each junction.	7/12/2019 8:52 AM
75	I think the more green spaces is a brilliant idea. We have kids so more places that are safe to play at is always a good thing for families.	7/12/2019 8:12 AM
76	I would like to see the Milburn Lake Access Improvement Plan implemented as swiftly as possible.	7/9/2019 2:23 PM
77	Day use green spaces on both lakes with gov. camping (patrolled)	7/9/2019 3:06 AM
78	Covered riding arena	7/7/2019 11:56 PM
79	easier access to our community hall allowing for local persons to use at a reduced rate	7/7/2019 2:54 PM
80	More funding for baker creek enhancement society for bouchie lake water quality improvement	7/7/2019 1:57 PM
81	The way to preserve our lakes especially Milburn, is to NOT make it a development opportunity. There are other lakes people can go to with recreational areas. Leave bouchie and Milburn to the people who actually live around them and care. The people coming from town are the ones polluting and threatening our water quality.	7/4/2019 1:36 PM
82	We need better access to Bouchie Lake. Securing a piece of land to have a small park would be ideal. I live close to the lake, but I don't have adequate access. It doesn't seem right.	7/4/2019 2:55 AM
83	Walking / biking trails perhaps of longer distances, so people from town, would be encouraged to come and use it and see the beauty of the area. Pinnacles park parking lot has to be expanded so RVers can get in there to park and then do the circle route through Bouchie Lake back to town. Road signs will be needed for the promotion of this circle route.	7/2/2019 11:47 PM
84	no	7/2/2019 9:07 AM

85	<p>People choose Bouchie/Milburn area to live away from town and be in the country. That's part of the charm. I love the fact that there is space between neighbours. The quiet and no light pollution, allowing to see the night sky. Having a community area near the school, but not developing the area. I think many people move to this community because it's a small community, where you know many of the residents in the area, and have the amenities that provide essential services and the community events. It's close to town but not developed. Keeping areas for the wildlife and forest areas. I used to live in the city and it is amazing to look out your kitchen window and see deer, moose, bears...just have to remember they were here first, keep your garbage away and watch your small children and pets. Areas for atving, snow mobiling, horse riding, biking and hiking trails. Trails for those who are disabled. I also think if the elderly want to stay in the area, the best thing would be them being able to stay in their current home with home support for health, but also volunteers or a group that can do small jobs around their house. IE. Change filters for wells, fix steps or a deck, hang a picture, change a tap, snow removal, gardening. Depending on the size of the job a small fee might need to be paid, but fair considering their income. This community is great with helping those in need. In my opinion, lending a hand to prevent developement is preferred. Keeping the lakes clean, perhaps a public dock to fish from. If people want to live in condos or town homes, they would be better in town. Compared to other areas, housing prices are fair. IMO, low income housing should be close to transit or town. Most of the time, people on low income dont have a vehicle. Also, by looking at West Village area, a low income area, crime is much higher. Something we dont need. Keep the area agricultural, farming and recreational.</p>	7/1/2019 4:02 AM
86	<p>Cohesion and NECESSARY DIALOGUE between both community groups in developing plans.</p>	6/30/2019 3:12 PM
87	<p>Access to the Bouchie Lake Hall - the existing management and governance structure needs to be assessed so that the facility is operated and managed by the "community" and for the community so it is more collaborative and better represents the needs of the community. The existing system means a small group of residents that are not democratically chosen manage the hall and make all the policies in isolation of the community. The existing system could work but it needs to be tweaked so the hall is not simply a "CRD Managed Facility" but rather becomes, once again, the heart of our community and contributes to the health, welfare, and connectiveness of the community.</p>	6/30/2019 9:55 AM
