### Bouchie – Milburn Neighbourhood Plan (<https://www.cariboord.ca/bmnp>)

BMNP Technical Background Report, Parts 1-3 of 4, and Appendices A & B

October 9, 2019 (v1.1)

#### Appendix A – Quesnel Fringe Area OCP Relevant Policies

- 9.13.16 *Work with the Bouchie Lake Recreation Commission and the Bouchie Lake Recreation Society to review and clarify working relationships and partnerships. There are clear benefits to the co-existence and collaboration of these two groups.*

#### **Quesnel Fringe OCP Text – BL4844 (page 81)**

*In addition to these commissions there are also “not for profit societies”, such as the Bouchie Lake Parks and Recreation Society, that have evolved as grass root organizations to address local issues. These societies are governed by The Societies Act, they are directly accountable to their membership, and their mandate can be changed with the approval of their membership. Within this administrative structure they can be responsive to changes in community needs and interests. The co-existence of commissions and “not for profit societies”, working together, ensures an effective combination of community participation strategies for delivering services to the local area.*

#### **Bouchie Lake Neighbourhood Plan Steering Committee Meeting #2 Minutes (August 27, 2019)**

*Discussed history of community events at the hall and changes in fee structures over time for the use of the hall leading to less events. Management and fee structures have changed, but hall use has not picked up. Committee generally agreed that this is a complex subject that may be outside scope of land use study.*
