There was a discussion about the BMCPT “Safety Day” event which had been planned for July 25 2020.

The Rural Crime Prevention team stated that they would possibly be interested in being involved as it would get their name out there and possibly be a venue for recruiting members.

Const J Nutley intimated that he felt sure that the RCMP would be willing to participate in the “Safety Day” and he would approach and get permission for their involvement.

My conclusion from this meeting was that there may be three areas who may be interested in either joining the Rural Crime Prevention group or starting a Block Watch group. There appeared to be a willingness for all attending to see Crime Prevention within our areas move forward with openness and collaboration wherever possible.
